

# Weka No.1™

## BPIR Declaration

Version: V1 2024

---

### Designated building product: Class 1

---

### Declaration

ATS Timber has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

---

### Product/system

Name	Weka No.1™
Identifier	Weka No.1

---

### Description

Weka No.1™ Pine Range is a wet, solid radiata pine timber product that is manufactured locally for use within the residential and commercial sector.

Weka No.1™ is available as rough sawn, gauged and bandsawn finish in a variety of sizes and 4.8 and 6.0m lengths. It is available in H4 CCA, H5 CCA and H6 CCA treatments.

---

### Scope of use

Weka No.1™ may be used in outdoor situations dependant on the specified treatment level. It is visually graded to a No.1 frame.

Please refer to the current Weka No.1™ features and benefits literature within our Timber Book.

---

### Conditions of use

#### Installation requirements

Weka No.1™ is to be installed in accordance with good building practice or as detailed by a Chartered Professional Engineer.

## Quality Assurance

ATS Timber has strict quality assurance processes in place to monitor that Weka No.1™ adequately satisfies structural and visual requirements.

## Sustainability

Weka No.1™ is sawn from plantation pine grown in New Zealand and is manufactured at our local sawmill. Please see supporting documents for further information.

---

## Contributions to compliance

Weka No.1™ complies with :

NZS3631:1988 New Zealand timber grading rules.

NZS3603:1993A4 Timber structures standard.

NZS3640:2003 Chemical preservation of round and sawn timber.

NZS3604:2011 Timber-framed buildings.

---
